

Seneca Soundwaves Chorus,

On behalf of the Geneva Public Library, and the Musical Moments recital series committee, I wish to congratulate and commend the Seneca Soundwaves chorus on your outstanding performance at the MM concert of Friday, October 14, 2011. I was, unfortunately, not able to attend. But, the comments I received from many of those who were there were extremely positive. They explained that the quality and enthusiasm of your ensemble's singing and the variety of your repertoire made the performance highly entertaining and rewarding and that the evening culminated in a rare standing ovation. We would enthusiastically recommend your ensemble for recitals anywhere. Thanks again and best wishes for continued musical success.

Sincerely,

Tom McClure, Coordinator
Musical Moments Recital Series
